Jim – Since we don't have a schedule right now, I think that cancelling would be a good idea. Once we finalize the FS process modifications, we need to reset the schedule. I've been working on this and will be sharing it with you once the FS process modifications are finalized. The schedule is based on getting to the NRRB in November 2015. We can discuss in January and make any necessary modifications before going broader with the schedule.

Subject: December 16 Project Managers Meeting

Kristine,

Based on our discussion in late November I am assuming we are not convening the December 16 Project Managers meeting, and we will reinstate the PM meetings in January 2015. We can still hold the Dec. 16 meeting if you have specific agenda items you wish to discuss, otherwise I can have Jen send out a cancellation notice.

Please let me know if you want to cancel this meeting. Thanks, Jim.
